TIMMINS CHAMBER OF COMMERCE OFFERS UNIQUE E-LEARNING OPPORTUNITY TO LOCAL BUSINESSES

TIMMINS: The Timmins Chamber of Commerce, in partnership with the Chamber eLearning Centre, today launched an exciting new program to help businesses save time and money on staff training.

Available exclusively to Timmins Chamber of Commerce members, the Chamber eLearning Centre offers over 1600 World Class Award Winning courses online at www.chamberelearning.ca/timmins. The Chamber eLearning Centre provides over 600 business courses and 1,000 technical courses over the Internet, 24 hours a day, seven days a week. A business can allocate as little as five minutes at a time to move toward increased productivity, profitability and employee retention.

"We know that our member businesses often struggle to find the time to offer training to their employees. In an effort to help our businesses we have now launched a program which allows business owners to bring training to their companies and personnel for as little as \$95," said Timmins Chamber of Commerce President Marilyn Wood. "Even better, our Chamber members receive a 15 % discount off the already very low costs. The best part is being able to complete this training where you want to, when you want to, at the office, at home, and you pick the pace that your schedule permits," added Wood.

Said Greg Peterson, President of the Chamber eLearning Centre: "There are over 1.5 million users of these same business skills and technical courses, including some of the biggest business names in Canada - RBC Royal Bank, Consumers Energy and Irving Oil. Online are over 180 Business Skills Videos that take only five to 25 minutes to view. Business owners and managers will gain immediate knowledge that can be applied today to improve their businesses."

Interested Chamber of Commerce members are invited to take a free trial course at www.chamberelearning.ca/timmins.
